

## Life Sciences Associate/Senior Associate - Northpond Ventures (Submitted)

City	Bethesda
State	Maryland
Country	United States
Posted For	All
Last Post Date	07 May 2018
Industry	Private equity and venture capital

### Description

**Company Description** Northpond Ventures is a science-driven venture capital firm headquartered in Bethesda, Maryland, right next to the Bethesda metro stop (DC area). Our mission is to build a better tomorrow. Investments are focused on life sciences, technology, and affiliated industries. We have \$500 million committed capital and typically lead financings and take board seats. We officially launched May 1.

Northpond is a small team (by design) looking for A/A+ players who want to make a strong contribution to scientific innovation and humanity. We are at the intersection of science, entrepreneurship, and innovation. Some of our team attributes include: excellence, teamwork, partnership, positivity/optimism, courage, and humility.

We are seeking a motivated and dynamic Life Sciences Venture Associate/Sr. Associate to join our investment team. In addition to a belief in our above mission and team attributes, a PhD in a relevant scientific field from a top program is a requirement for applicants.

**Position Description** Northpond Ventures is seeking a motivated and dynamic Life Science Associate/Sr. Associate to join our investment team. Ideal candidates have a strong scientific background (PhD in relevant field required) with experience in corporate, startup, or venture environments. Key aspects of the role include:

- Source and conduct diligence on investment opportunities
- Financial modeling of businesses
- Support our startups
- Board Engagements
- Gather and analyze market, industry, and business research
- Prepare presentations and communicate findings
- Attend key scientific conferences and industry events

### Preferred Candidate

**Likely Skill Level** Analyst, Associate, Manager, Director

**Likely McKinsey** Business Analyst, Associate, Senior Associate, Engagement Manager

**Skill Level****Job Type** Full time position**Qualification** Skills and Qualifications

- Ph.D. in scientific discipline required
- Exceptional communication and presentation skills
- Strong Excel modeling skills
- Experience working in scientific corporate and/or startup environments
- Can-do attitude with flexibility to meet the growing needs of our startup VC environment
- Solid organizational skills with the ability to both prioritize and also handle multiple priorities at once
- High degree of initiative, self-discipline, and motivation and the ability to work collaboratively and effectively as part of a team
- Possesses a positive attitude and entrepreneurial spirit

**Additional Elements** Additional Information
